

FEBRUARY ZERMA TEAM PRAYER LETTER

January proved to be a very busy month. Our kids clubs began a three year chronological Bible storying program called The Gospel Project. The children's reaction has been overwhelmingly

positive. There are fun activities, a Bible story, a coloring page, and a Christ connection each week. The children are engaged and excited. There are even parents participating with their children. The coloring books have drawn new children to the clubs. **Pray for the three kids clubs meeting weekly. Pray for the children and their families to come to faith in Jesus.** The Bible study for women that our pastor's wife, "Helen," started is not yet faithfully attended by the women in the church. Kimberly is giving her some Bible study material to help "Helen" lead their time together. **Pray for Helen as she leads this time. Pray for the women of the church to attend consistently each week for this time of Bible study and support and**

encouragement through prayer.

Praise the Lord that men from four different villages have requested baptism. This is a big step for believers to take when their community is almost entirely Muslim. **Pray that others will follow their example as they follow Jesus. Pray also for their spiritual growth.**

Pray for the Zerma people to know that their greatest need is to be in a right relationship with God. He is the one who can transform, renew, restore, and provide.

Join Phil and Kimberly as we're praying especially for three people's salvation this year. The first person to be lifting up is "**Miriam.**" She is a former kids club kid now grown and married with children of her own. She now lives in the same town as the Bartletts. She has begun coming to church meetings for more than five weeks. **Pray for Miriam's salvation. Pray for her husband and children's salvation. Pray for transformative joy to be evident in her life.**

Pray for wisdom and spiritual sensitivity for Phil and Kimberly as we're confronted with numerous physical needs on a daily basis. Pray for good decisions about who to help and when to help.

We want each of you to show this same diligence to the very end, so that what you hope for may be fully realized.
